CONTENTS

ANATOMY

CHAPTER	PAGE
I. Histology	I
II. Osteology	20
III. Joints	66
IV. Fascia and Muscles	115
V. Nervous System	187
VI. Circulatory System	224
VII. Lymphatic System	249
VIII. Thoracic and Abdominal Viscera	256
IX. Anatomical Regions	280
X. Living Anatomy	289
XI. Levers and Leverage	314
XII. Muscles in Action	319

PHYSIOLOGY

XIII. The General Design of the Body	335
XIV. Muscular Activity	338
XV. The Blood	353
XVI. The Lymph	374
XVII. Respiration	379
XVIII. The Effects of Exercise and Massage	389
XIX. Diet	393
XX. Digestion and Metabolism	409
XXI. The Liver	422
XXII. Excretion	426
XXIII. The Skin and Regulation of Body Temperature	431
XXIV. The Ductless Glands	444
XXV. The Nervous System	449
XXVI. Reproduction and Growth	463
Glossary	469
Index	481
